

ZULCHEM

Quality products, Reliable service, Competitive prices

1978 **40** 2018

years keeping it tidy!

Company Profile

Zulchem was established in Empangeni in 1978 when Willie Knoetze identified a need for a supplier of industrial cleaning detergents and chemicals to hospitals, hotels, factories, garages and schools. In 1991 he was joined by his sons, Anton and Deon, to head up Operations and Marketing/Sales respectively.

In 2007 Zwchew Services cc t/a ZULCHEM was created to incorporate Anton and Deon into the official ownership structure. The company now occupies a 300m² under cover site in Empangeni Rail and employs nine staff members. Today the company is a leading supplier of cleaning detergents, chemicals and associated paper products to most major companies in Zululand.

We have been manufacturing chemicals and supplying cleaning services for over almost 40 years in the greater Zululand area and have recently opened a branch in Ballito to expand our services to Durban and outlying areas. Zulchem specialises in Hygiene and Domestic Chemicals. All chemicals are manufactured according to specification and have M.S.D.S. forms.

"As a private family owned business our commitment has always been on service and quality. No customer is less important than another and no order is too big or too small. Training forms an integral part of daily routine and the upliftment of all personnel is the ultimate goal. In-house and other training courses are of utmost importance to ensure a productive and stable workforce. The result is consistency and quality throughout our product range."

In addition to our range of chemical cleaning products we also supply dispensing systems, paper products, hygiene brushware and cleaning equipment. Our chemical cleaning products are manufactured to formulae that have been proven safe, effective and competitive. With advances in technology the products have evolved to become perfect for their purposes."

Deon Knoetze - Marketing/Sales Manager

We offer you the following:

- ◆ A family business with almost 40 years experience in manufacturing chemicals
- ◆ Quality products, reliable service and competitive prices are key to good business relationships
- ◆ Material safety data sheets (MSDS) and Specification sheets supplied with chemicals
- ◆ Whether ordering 5L or 25L chemicals, the price per L / unit stays the same
- ◆ Zulchem will offer a delivery service as arranged with client
- ◆ Basic staff training on dilution, application and general hygiene will improve productivity and decrease wastage
- ◆ Independent hygiene audits will prepare the store for official audits
- ◆ Hygiene brush ware colour coded to specification
- ◆ Departments such as butcheries will be colour coded (sign boards & stickers) according to specification
- ◆ The client will not be billed for staff training, deliveries, colour coding and independent hygiene audits, as it forms part of the Zulchem service

Quality Policy

Zulchem is committed to establishing and maintaining itself as a leading supplier of industrial detergents and chemicals. To achieve this goal we will totally satisfy our customers' requirements and expectations in the quality of our products and services.

We are committed to establish, maintain and continually improve a Quality Management System (QMS) that conforms to the ISO 9001:2000 requirements.

As Zulchem Management Team, we undertake to ensure that our QMS system is thus directed towards achieving the following objectives:

- ◆ Only accepting orders and contracts within our capacity to manage these orders
- ◆ Planning all business activities and improving on the planned time allocations
- ◆ Employing and developing people who have the necessary skills and experience to improve our products and services
- ◆ Aiming to deliver on time; recognising that deadlines are a crucial part of our business
- ◆ Supporting and developing suppliers who are committed to Quality Improvement
- ◆ Reacting to problems quickly and systematically and fostering a team approach to problem solving.

Environmental Policy

In all company decisions, we observe our responsibility towards the environment above any applicable legal regulations. We are constantly striving to introduce new measures to make improvements for the benefit of environmental protection. Zulchem is committed to leading the industry in minimising the impact of its activities on the environment.

Health and Safety policy

The employer and senior management of Zulchem are vitally interested in the health and safety of its workers. Protection of workers from injury or occupational disease is a major continuing objective.
